Cohen's Lottery & Exchange Office.

HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, March 22, 1822.

All the great floating Prizes,

Still remain undrawn in the MONUMENT LOTTERY. One of 1000 dollars, was the highest out yesterday afternoon, as will be noticed by the official list on the opposite page. Each day, therefore, has added to the adventurer's chance for a capital prize; there being 2500 chances less against him now than at the commencement of the lottery. Those who have drawn small prizes, should send them on immediately for renewal—there will be no risk for a considerable time, as there are still to be drawn a large number of blanks, which, coming out amongst the first 3000, are entitled to Ten dollars each, agreeably to the scheme. The Managers wishing to allow all, an opportunity to participate in the erection of the Monument, to perpetuate the memory of WASHINGTON, will, for a short time continue the price of tickets at the present low rate of Ten Dollars; after which, the price will, no doubt, advance rapidly, particularly if the great floating prizes should remain long in the wheel.

Another premium next Thursday

Agreeably to the scheme, on the next (being the sixth) drawing, the first Number from the wheel, will be entitled to ONE THOUSAND DOLLARS.

A typographical error in the list of the 4th drawing, published in the last Register, which our customers will correct, viz. No. 16744 should have been printed 16774.

THREE DAYS LATER FROM ENGLAND.

PHILADELPHIA, March 18.

By the arrival yesterday of the fine ship Electra, captain Robinson, from London, the editors of the Freeman's Journal received dates to the 25th Jan. their contents, however, are not very interesting. The weather has been so mild on the Continent of Europe, particularly in Poland and Russia, that it resembles spring more than winter; and in the neighborhood of Dundee, Scotland, a field of ripe barley was cut down in the middle of January, which had been sown in August last.

The manufacturers in the northern counties of England are said to have never been in such full employ as at this time.

The average amount of notes and bills of the Bank of England in circulation, is stated at 18,324,974l. 15s. 9d.

Letters from St. Petersburg, received in London, state, that the Russian Tariff is highly injurious to the commercial interest of England, and that a prejudice exists in favor of the United States of America.—It is said that the British Ambassador made an ineffectual exertion to procure a more favorable determination with regard to that country.

NEW-YORK, March 15.

The Hon. John Randolph, who has been in this city for the last two days, this morning embarked for England, (on his way to the south of France, for the benefit of his health) in the *Amity*, captain Maxwell. Among the passengers, is Mr. Munro, son of the postmaster at Washington City, who is on his way to join the Russian army.

The brig Pocahontas, arrived on Saturday, has a valuable cargo of teas and silks. This vessel has been 221 days on her passage. Captain Snow, late commander, died on the 6th of March of the scurvy, after being sick 65 days. The vessel was then commanded by G. W. Teel, a young man 17 or 18 years of age, who went out before the mast, and who deserves great credit for bringing the vessel in. Of the original crew which left Providence in the Pocahontas, but two have returned, G. W. Teel being one, the remainder died of the scurvy. When the P. came in, she had but three or four persons able to do duty. She was within 12 miles of Sandy Hook eight days ago, but was obliged to stand off. The body of Captain Snow was brought in, and has been sent to his family in Providence.

It has been ascertained, that more than one hundred thousand persons have been interred in Trinity Church Yard, New-York, and it being found impossible, any longer to inter one without disinterring another, a proposition has been made to have the ground levelled, and adorned with trees, in order that it may become a place for healthy promenade. The same course is proposed to be pursued with St. Paul's Church Yard, in that city.

Proceedings of Congress.

House of Representatives, March 18.

Mr. Bateman, from the Committee on the Post Office and Post Roads, to whom was referred a resolution directing an inquiry into the practicability of detecting thefts and punishing the frauds & robberies of the mail, &c. reported, in part, recommending the introduction, by way of trial, of Richard Imlay's plan of inclosing the mail in copper cases, secured in iron chests with inside locks and sliding bars, which report, on motion of Mr. B. was ordered to lie on the table.

March 19.

Mr. Russell, from the Committee on Foreign Affairs, to whom was referred the President's message on the subject of recognizing the independence of the South American governments, made a long, lucid and able report, approbatory of the recommendation of the Executive, which concluded with the following resolutions:

Resolved, That the House of Representatives concur in the opinion expressed by the President, in his message of the 8th of March, 1822, that the American Provinces of Spain, which have declared their independence and are in the enjoyment of it, ought to be recognized by the United States, as independent nations.

Resolved, That the Committee of Ways and Means be instructed to report a bill appropriating a sum, not exceeding one hundred thousand dollars, to enable the President of the United States to give due effect to such recognition.

The report was referred to a Committee of the whole House on the state of the Union, and 5000 copies extra, were ordered to be printed.

Navy Court Martial.—One of the Boston papers, referring to the court martial to be held in that town on Wednesday next, says, that the charges are preferred by Com. Hull, for disrespect offered to him in a letter from Com. Shaw—"When the latter took command of the Constitution at Boston, he displayed a pennant, and Com. H. disputed his right to do so. When the Navy Commissioners visited the Boston station last summer, they decided in favor of Com. H. and Com. S. accordingly doused his pennant. He then addressed a letter to Com. H. and jocularly congratulated him on his

victory over the poor bit of bunting, which was then relieved from bearing the peltings of many a pitiless storm. The dignity of Com. H. would not bear such floutings, and so they now have a grand Court Martial about this bit of bunting."

The Naval Court Martial, detailed to sit in Boston upon the charges preferred by captain Hull against capt. Shaw, of the United States' Navy, consists of the following members: Captains Tingey, Morris, M'Donough, Warrington, Spence, Downes, and Creighton. Numerous witnesses are summoned to attend the trial. *Bost. Ev. Gaz.*

EXTRAORDINARY METEOR.

Albany, March 12.—On Saturday evening last, about five minutes past 10 o'clock, a meteor of a most extraordinary size and brilliancy, passed over this city, in a direction from north east to south west. It is represented, by a person who saw it, as nearly the size of a barrel—that sparks were emitted from it in every direction, and that it left behind it a trail of light of great length. And it was thought by some that they heard a hissing noise as it passed over them.

New-York, March 14.—On Saturday night, about half past 10 o'clock, a large and brilliant Meteor passed over this city, from the south west towards the north east. It resembled a ball of fire (some persons say) nearly as large as the moon, and shed a dazzling light that was painful to the eye, and illumined the horizon. It appeared for the space of a few seconds, and left a trail of fire in its wake.

Boston, March 15.—I observe notice in a New-York paper, that a large and brilliant Meteor was seen from that city last Saturday evening. It was also seen by some persons in Boston.—At half past 10, or a few minutes later, a lady who had just retired, perceived a sudden and very brilliant light in her chamber; and, looking out immediately to the west, one of the shutters being partly open, she saw a vivid stream of light, the direction of which was nearly horizontal. She also noticed several large sparks or scintillations; which makes it probable, that the Meteor had just then, or soon after passing the window, burst. This statement is given for the purpose of collecting all that may be known respecting this luminous body. It was also observed at Providence, R. I.

West Point Academy.—The Military Committee of Congress have made a report on this interesting Institution. Since 1817, it appears by it, the number of Cadets admitted has been 363—yearly average of Cadets 230.—Resigned 20, discharged or dismissed 44; promoted or commissioned 130. The proportion commissioned to those present in each year is one to nine—many being improperly sent to receive a general classical education, and to go no farther. The Committee propose requiring that the parent of each Cadet shall give bond on his admission, that he shall serve the U. States five years, unless sooner discharged. The expense of the Institution is estimated at \$500 a year for each Cadet. The object of the Committee is to reduce the expenses of the Institution, and correct the abuses.

Another Grand Canal.—The canal between the Delaware and Chesapeake is to extend from Elk river to Christiana river, a distance of 22 miles.—The canal is to be 26 feet wide at the bottom, and 50 feet at the water edge—and is intended for vessels from 40 to 70 tons, drawing 7 and a half feet. The towing path is to be 20 feet wide, and may serve as a turnpike. The whole cost is computed at \$850,000.

Besides a very large number of 2000—1000's—
500's, &c. &c. amounting to

Millions of Dollars!

Important to Adventurers.

For the satisfaction of adventurers in every part of the Union, the Managers have determined to publish in this paper, the official lists of each drawing of the Washington Monument Lottery, and which will include the numbers both of the Blanks and the Prizes, as well as the situation of the scheme from time to time. This will be a two-fold advantage to the distant adventurer, because the holder of a small prize will be thereby informed of it, and will enable him to send it on immediately for renewal; while on the other hand, the adventurer whose number may draw a blank will also be notified of it, and can if he thinks proper make a new investment, should the state of the wheel at that time justify it.

IN THE THREE LAST CLASSES OF THE

Monument Lottery,

The whole of the following CAPITAL PRIZES were obtained at COHEN'S OFFICE, viz.

No. 23163	a Capital of \$40,000
No. 26119	a Capital of 30,000
No. 16346	a Capital of 20,000
No. 32696	a Capital of 20,000
No. 2746	a Capital of 10,000
No. 2265	a Capital of 10,000

Besides a very large number of minor denominations.

In the present scheme, which is now drawing, independent of pecuniary motives patriotism alone will prompt encouragement to the sales.

SMALL INVESTMENTS

MAY PRODUCE THE MOST SPLENDID RESULTS, VIZ:

☞ A Whole Ticket which costs only Ten Dollars may gain the great Capital Prize of

30,000 dls.

☞ An Half Ticket which costs only Five Dollars may produce

15,000 dls.

☞ A Quarter Ticket which costs only Two Dollars and Fifty Cents may produce

7,500 Dolls.

☞ An Eighth Ticket which costs only One Dollar Twenty-five Cents may produce

3,750 Dolls.

Adventurers at a distance should send on their Orders without delay to COHEN'S OFFICE, No. 114, Market-street, Baltimore, where it will be recollected, the 40,000 dollar prize was obtained in the last lottery, by a gentleman residing in the State of Virginia. Also, the 10,000 dollar prize sent by mail to a gentleman in the State of Ohio, and where in the three last Classes of the Monument Lottery, was sold the great Capital prize of

\$40,000 IN SHARES.

Also the 30,000 dollar prize...2 of 20,000...2 of 10,000, &c. &c.

☞ Orders by mail, post paid, or by private conveyance, enclosing the cash or prize tickets in any of the lotteries, will meet the same prompt attention as if on personal application, addressed to

J. I. COHEN, Jr.

Sec'y to the Managers, Baltimore.

Baltimore, March 7, 1832.
